

new & newsworthy

Introducing an all natural insect repellent patch that lasts for up to 48 hours!

New to Canada, this innovative insect repellent patch keeps mosquitoes and other blood sucking insects at bay for up to 48 hours! Made from vitamin B1, this Deet free patch is safe for children and adults alike.

DeBug™ absorbs safely into the body and adapts automatically to your body size, creating an effective vapour barrier between you and biting insects. **DeBug™** is easily applied in seconds, conveniently packaged for storage or travel and both waterproof and heat resistant.

Available at: Canadian Tire, Sheridan Nurseries or
online at www.digithandwear.com
